---

Thanksgiving hmmm... I do have a weird tradition where I thank something different every year, last year was myself and I wonder who or what this year... ngl, I'm starting to running out of options, well I still have one tho, but can't think of anything else besides that. Should I use it this year? I thought it would be much latter... alr alr, thank you, I am indeed, addicted to the way you love me.
