---

This is about a girl, not me, totally not me, 99.9999% not me.

There are things that she doesn't want to recall, always has some olanzapine on her desk, well, she only took it once in the past two years. It instantly calms her down but also makes her a little dizzy.

She is the second cutest potato in the world, and always the center of attention. She also likes people glazing her for some reason, and always keeps at a safe distance to prevent anyone from getting too close. People always think of her as mature and wise but she is the complete opposite lol.

She's me? nuh uh. Jerry is everything and occasionally Jerry. Ngl sometimes I do get did I actually write these moments, but whatever cuz one day you might feel down, so I hope this website can make you feel a bit better. It only took me like 10mins to write one, and I also wanted to write.

Okay, what's today's song

Dancing in the moonlight~

Gazing at the stars so bright~

Holding you until the sunrise~

Sleeping until the midnight~

...

Every time when I look in your eyes~

I smile with pride, happy that you're mine~

Joy in love, your love is true I know~

You are the best thing that has happened to me, ahhhhhhhhhhhhh~
